

Accessing AR records at home

Parents and students may access their AR records at any time, either in school or at home, by going to the same website used by the students in school:

<https://hosted106.renlearn.com/209001>

Continue by logging in as “**STUDENT**” and using the same **USER ID** and **PASSWORD** your child uses for AR in school.

Then select **VIEW REPORTS → STUDENT RECORD REPORTS**.

You may set the report to view the student’s work by **QUARTER, YEAR, OR ALL**. (Setting the time period to **ALL** may be helpful in determining if a student has ever taken an AR quiz on a particular book, since the program will keep a record of every AR quiz that the student has ever taken since beginning the program at OLL.)

To see if a book has an AR quiz, you can go to : www.arbookfind.com
(New quizzes are added regularly. If you don’t see a quiz for a newer title, keep checking back!)

I hope this will help you to be able to view your child’s progress with our AR program. If you have any other questions, please don’t hesitate to contact me.
